16. Competitors who come across severely injured riders are requested to remain with that rider and send information back to the pits about his position on the course. Riders remaining with a severely injured rider can in most circumstances get time allocated back through averaging their lap times. We want to ensure no-one is left unattended.

17. Abuse or intimidation of officials of Endless Dirt biking and its sponsors will not be tolerated and will incur a penalty as determined by the organiser.

18. There is no protest committee! Rider queries can be made to the organiser regarding any matter whatsoever. There is no charge for this.

19. In all cases, the organiser will have the sole discretion as to the interpretation and implementation of all rules and anything not covered in these rules that may be necessary on the day of racing.
