Race Report: OMA Rnd 3 Newark MO

Rider: Paul Whibley

Team: N-Fab AmPro Yamaha

Bike: Yamaha YZ450 F

Result: 1st

Three wins from three starts so far in the OMA series.

Taking the win at the third round in Newark Missouri over the weekend and extending the points lead I have in the series. A strong pro row with plenty of talent turned up for the race. Chris Bach (GNCC#3) took second place on his JCR Honda after a battle with Jason Thomas who is a former GNCC XC2 champion. Jason held onto third and sits in second in the points. Nick Fahringer is the current National Enduro point's leader and took home fourth in Missouri on his Husky. Also 4x OMA Champion Jimmy Jarrett was back in action and running up front for a few laps at the start of the race. Jimmy and I battled together for years in this series and we reminisced after the race that it was just like the good old days.

At the wave of the checkered flag I had a comfortable lead but I had to work for it. After the gas stop I was able to really put my head down and open up a lead. In the early laps I had made a bit of a meal out of it. I went down twice on the opening lap, after hitting hidden logs in the leaves and undergrowth. After each crash I was able to climb my way back to the front.

The day started out strong, taking the FMF holeshot award and leading the race into the woods. Soil was again in prime condition for this event with a single track loamy trail weaving through the woods.
